Certificate No 962a to LPS 1175: Issue 6

Security Letter plate

Product	Type	Scope of Installation	Security Rating	LPCB Ref. No.
Flaplock FL05	Internal letter plate	Mounting on the rear of 44 mm thick solid timber door leaves over letter slots measuring 45 mm by 250 mm	1	962a/01

Function

The 'Flaplock5' helps to prevent the following when installed in accordance with the instructions contained on the document 'FL05 FIT INST Rev 1' and the flap is secured by inserting the pegs provided into the yolks located at both ends of the flap:

- Insertion of litter, mail and other unwanted items into the property via the letter plate aperture.
- Removal of keys and other items from within the property via the letter plate aperture¹.
- Access to locking hardware fitted to the door via the letter plate aperture by those attempting to gain unauthorised entry into the property by operating such hardware.

Note

1. It is recommended that such items are not stored within the immediate proximity of the letter plate.
