

# COM 3 MAILBOX DATASHEET

Door Entry System Project

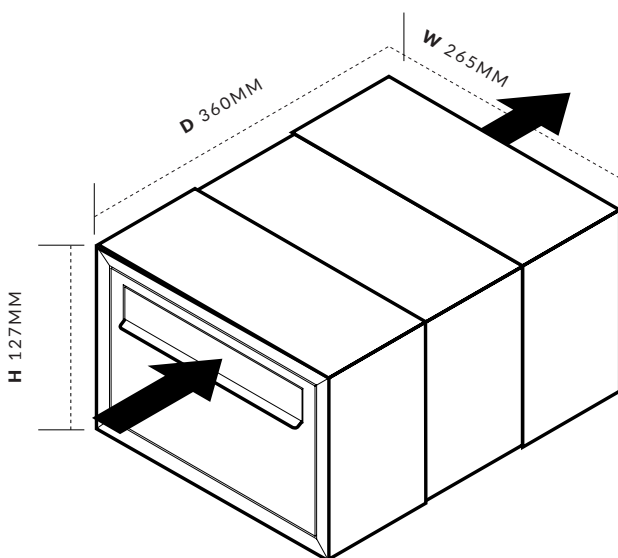

The COM 3 mailbox is a front-loading, rear-retrieval unit typically installed outside a property for convenient indoor mail collection. It can accommodate up to 10 mailboxes in a single vertical column, making it an efficient solution for maximising space.

The COM 3 can also be integrated with door entry systems, either as part of a complete solution or with customised panels that feature openings to house access units.

It is available in any colour from our standard RAL range.

## DIMENSIONS

APERTURE SIZE (MM): 26H X 235W
