

STAINLESS STEEL 2 MAILBOX DATASHEET

Pershore Street Project

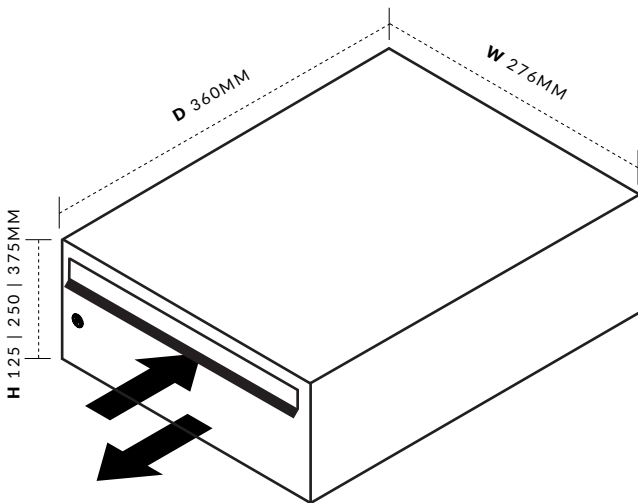

The Stainless Steel 2 mailbox is a front-entry, front-retrieval horizontal model designed for internal use, with the option for external installation when combined with additional weather shielding.

It is available in various finishes, including a basket weave pattern and a mirror effect, offering stylish alternatives.

The full-sized Steel door is recessed into the body for enhanced security, reducing the risk of leverage attacks. Made from high-quality Stainless Steel with a silicone brush finish 1mm thick.
